## PROJECTS

### Clone of Facebook (Ninja Locus)

- GitHub link - [https://github.com/sumit-kumar-yadav/Ninja\\_Locus](https://github.com/sumit-kumar-yadav/Ninja_Locus)
- **Functionalities** – Sign-in/Sign-up with Google / Ninja Locus itself, adding and accepting friends, posting (texts, images, videos), comments, likes, user's profile page, Chatting Engine(chat with friends), Search Engine, forgot password etc
- Interacts with user through notification and sends email to the users.
- Also implemented API of Ninja Locus for the developers to use it and create their own app.

### React- Social Media Website

- **GitHub link** - <https://github.com/sumit-kumar-yadav/React-Social-Media-Website>
- **Functionalities** - Adding friends, posts, comments, group chatting with friends

### TODO App

- **GitHub Link** - [https://github.com/sumit-kumar-yadav/TODO\\_App](https://github.com/sumit-kumar-yadav/TODO_App)
- **Website Link** - <https://todo-heroku-sumit.herokuapp.com/>
- **Functionalities** - User Authentication, Add tasks, delete tasks, etc
- This is built using Node.js, Express.js, JavaScript, MongoDB, passport.js, etc

### Ping-Pong Game

- Link - <https://play-ping-pong-game.netlify.app/>
- It's a game made from scratch using HTML, CSS and JavaScript.
- It even **shows** the current **score** and maximum score of users.

## SKILLS

C++

DSA

JavaScript

jQuery

TypeScript

Node.js

React.js

Express.js

MongoDB

Bootstrap

## WORK EXPERIENCE

### Software Engineer Intern (02/2023 - Present)

I am working as Software Engineer Intern at **Cimpress India**. I work as Full Stack Developer.

### Backend Developer Intern (02/2022 - 05/2022)

As a Backend Developer Intern at **Think201**, I worked on live projects and created APIs and fixed bugs and errors. I worked with technology - Node.js, Express.js, PostgreSQL, Sequelize, TypeScript, etc.

### Content Team (02/2022 - 05/2022)

I worked with the Content Team of Full Stack Web Development at **Coding Ninjas**. My role was to review the contents and forward the issues which students might face while learning to the Content Creator Team and also figure out outdated libraries and alternative fixes. Also I used to create the MCQs for the students.

### TA at Coding Ninjas (07/2021 - 03/2022)

I worked as Teaching Assistance of Web Development at Coding Ninjas. My role was to fix errors in students' code, solve their doubts, evaluate projects. I had resolved 3000+ doubts.

## EXTRA ACTIVITIES

### Technical Secretary at ITESA (07/2021 - 07/2022)

ITESA (Information Technology Engineering Students Association) is a **community of students** from DYPCOE with diverse fields. **ITESA hosts numerous events in technical & non-technical domains.**
